

# TORBAY HERITAGE STRATEGY 2021-2026

745

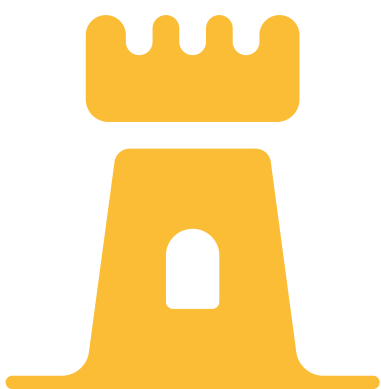

local people responded to the online heritage survey.

19

heritage and community organisations contributed.

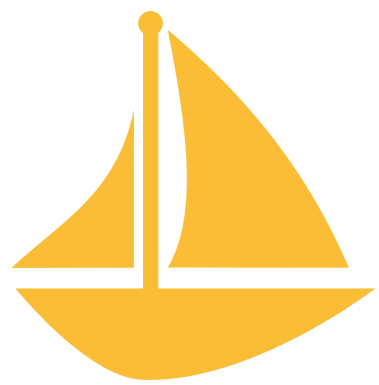

99% of respondents said that experiencing local heritage is important for their quality of life. The Strategy focusses on the places and stories that matter to people.

88

designated heritage assets were individually assessed and prioritised for action.

The Strategy supports more environmentally sustainable ways to access, enjoy and manage heritage sites.

The Strategy is a foundation to attract funding for projects and develop heritage based tourism which is vital for Torbay's economic future.

The Strategy functions within an interlocking framework of national and local policies, including the Local Plan, and complements Torbay's strategies on culture, the environment and economic development.
